A. Objective

The objective of the survey was to get information on how the MGNREGA scheme is being implemented for the development of SC/ST community under SCSP/TSP Action Plan. A total budget outlay of Rs 605.33 cr each was allotted for the year 2019-20 and 2020-21 for providing work to SC/ST daily wage workers under MGNREGA from SCSP/TSP Action Plan. This constitutes 33 % of the overall budget of the rural development department for MGNREGA and hence a need to study its impact on the marginalised SC/ST community.

B. Methodology

The Joint / Deputy Director of Social Welfare Department was allowed to select 10 Gram Panchayats, with the highest SC / ST population. The selected Gram Panchayats had minimum three villages. In each village, minimum five SC/ST job card holders were interviewed (15 members in the Gram Panchayat -10 Scheduled Caste & 05 Scheduled Tribe) and information was uploaded in the separate web application created for the purpose.

The survey was conducted by Taluk Assistant Director and his/her team. Help of Hostel superintendents and ashrama schoolteachers were also used for conducting survey. Detailed questionnaires is attached as annexures.

C. Findings and Analysis

1. No. of beneficiaries

A total 6,282 MGNREGA beneficiaries were interviewed and data collected. 3,547 (56%) SC beneficiaries, 1,293 (21%) ST beneficiaries and 1,442 (23%) other beneficiaries (which can be categorised into SC/ST) were interviewed.

10. Agricultural land

- Out of all 6,282 beneficiaries 52% own agriculture land and 48 % did not own agricultural land
- 44% have received work in their own land

D. Recommendations

- Awareness of the program need to be increased especially in districts like Kodagu, Mysuru and Mandya where 35%, 30% and 26 % of the respondents respectively reported that they were not aware of the program.
- Reasons for not applying for work needs to be inspected as 11 % of the respondents in the state have not applied for work which is highest of 60 % in Kodagu and 35% in Mandya district
- Though it is mandated under the law, 66% of the respondents did not receive minimum 100 days of employment. No. of workdays for SC/ST need to be increased.
- Unemployment allowance need to be disbursed immediately to SC/STs as only 57% of the respondents were aware and only 79 people claimed to have received unemployment allowance in the state
- Application process should be streamlined and made simple as 26% of the respondents did not receive work within 15 days of applying though it is mandated by law
- Make sure everybody who works under MGNREGA has a functioning bank account
- There should not be any delay in payment of wages as 9 % of the respondents have reported to have not received payment within 7-15 days of completion of work as mandated by law
- 81% of the respondents have reported that MGNREGA has improved their economic status but 19% have said it has not improved. Reasons for this need to be explored.
- MGNREGA work in own agricultural land needs to increase as just 44% of the respondents have received work in their own land. It is reported to increase savings for the beneficiary.
